APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of livestock served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal range.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0221 cubic feet per second, or sufficient water to water 707 head of cattle.

Actual construction work shall begin on or before July 10, 1980

Proof of commencement of work shall be filed before August 10, 1980

Work must be prosecuted with reasonable diligence and be completed on or before July 10, 1981

Proof of completion of work shall be filed before August 10, 1981

Application of water to beneficial use shall be made on or before July 10, 1982

Proof of the application of water to beneficial use shall be filed on or before August 10, 1982

Map in support of proof of beneficial use shall be filed on or before

AUG 15 1980

Commencement of work filed SEP 17 1980

Completion of work filed SEP 17 1980

Proof of beneficial use filed JAN 30 1981

Cultural map filed SEP 01 1982

Certificate No. 10181 Issued SEP 01 1982
